EXPERIENCE

Accenture Gems August 2024 - February 2025
-Engineering Mentee *Remote*

- Completed a 6-month mentorship training covering Networking, Core Java, OOP in Java, Business Communication, and Interview Preparation.
- Strengthened technical knowledge through hands-on coding assignments, projects based on OOP and quizzes.
- Enhanced professional development with personalized 1:1 mentoring with Accenture employees and SME sessions.

Appthing (Startup) December 2023 - February 2024
-Web Developer *Bangalore [Online]*

- Delivered 5-10 projects utilizing HTML, CSS/Material UI, JavaScript and React.
- Maintained and enhanced website features, ensuring prompt troubleshooting and issue resolution.
- Collaborated with a development team to implement best practices in web development.

PROJECTS

DEVSPACE: Feature-rich react based website that serves as a personalized platform for users to create, edit, and manage their posts and albums. Integrated comment sections and photo displays within each post and album, fostering a collaborative and engaging user experience. Integrated robust CRUD functionalities, enabling users to seamlessly interact with their content. Utilized APIs to fetch and display data dynamically. [\[Link\]](#)

STUDYHUB: Designed a frontend website to empower students in navigating various courses based on cutting-edge technologies. Implemented a secure user authentication system allowing students to sign in and access personalized learning content. Leveraged local storage to store user data, ensuring a seamless and personalized experience for returning users. [\[Link\]](#)

ACHIEVEMENTS

- Solved 100+ questions on Leetcode and received a 50 days badge. [\[Leetcode Profile\]](#)
- Achieved 50th Rank on GeeksforGeeks. [\[GFG Profile\]](#)
